Uvod

Korišćeni programski jezici

- HTML5
- CSS3
- Bootstrap
- Adobe Photoshop
- jQuery
- JavaScript
- PHP
- XML(sitemap)

Opis funkcionalnosti

Dinamičko učitavanje navigacije i footera.

Dinamičko učitavanje članaka. Klikom na članak se prikazuje njegov sadržaj.

Dinamičko učitavanje lokacija. Klikom na ikonu sa desne strane se otvara mapa koja prikazuje lokaciju sladoledžinice. Takođe je prikazana lista ostalih lokacija na koje ako se klikne vode do tih lokacija.

Dinamičko učitavanje ukusa sladoleda. Moguće je filtriranje sladoleda po lokaciji i po ukusima koje ta lokacija sadrži kao i po kategoriji ukusa.

Porudžbina je moguća samo ako korisnik ima nalog. Prilikom klika na porudžbinu prikazaće se opcija da izabere opciju porudžbine kao i grad u kojem će se izvršiti ta porudžbina. Korisnik može izabrati da li hoće da mu se isporuči kutija sladoleda ili da ga sačeka u izabranoj sladoledžinici. Ukoliko se izabere opcija preuzimanje prikazaće se lista

svih sladoledžinica koje se nalaze u datom gradu u kojima se može izvršiti porudžbina. Nakon toga korisnik bira koju veličinu kutije želi da izabere. Zatim se prikazuje lista ukusa koji se mogu poručiti u zavisnosti od toga koje ukuse ta sladoledžinica poseduje. Ovde je takodje moguće filtriranje po kategoriji ukusa. Moguće je poručiti više kutija jednom porudžbinom kao i više veličina kutija. Na kraju korisnik treba da izabere vreme i dan kada želi da mu se porudžbina spremi kao i način plaćanja. Nakon toga korisnik je obavešten da je uspešno poručio. U slučaju da je korisnik izabrao opciju dostava, mora izabrati grad u kojem će se izvršiti dostava i da unese ulicu, sprat i interfon. Validacija podataka se izvršava i na klijentskoj i na serverskoj strani. Ako korisnik želi može da odustane od porudžbine.

Na stranici porudžbina je izvršeno dinamičko učitavanje svih porudžbina gde korisnik može da vidi kada je poručio, i kada treba da preuzme kutiju ili kada treba da mu bude dostavljena u zavisnosti od opcije koju je izabrao kao i sve ostale neophodne podatke. Ako nema porudžbina korisnik će biti obavešten.

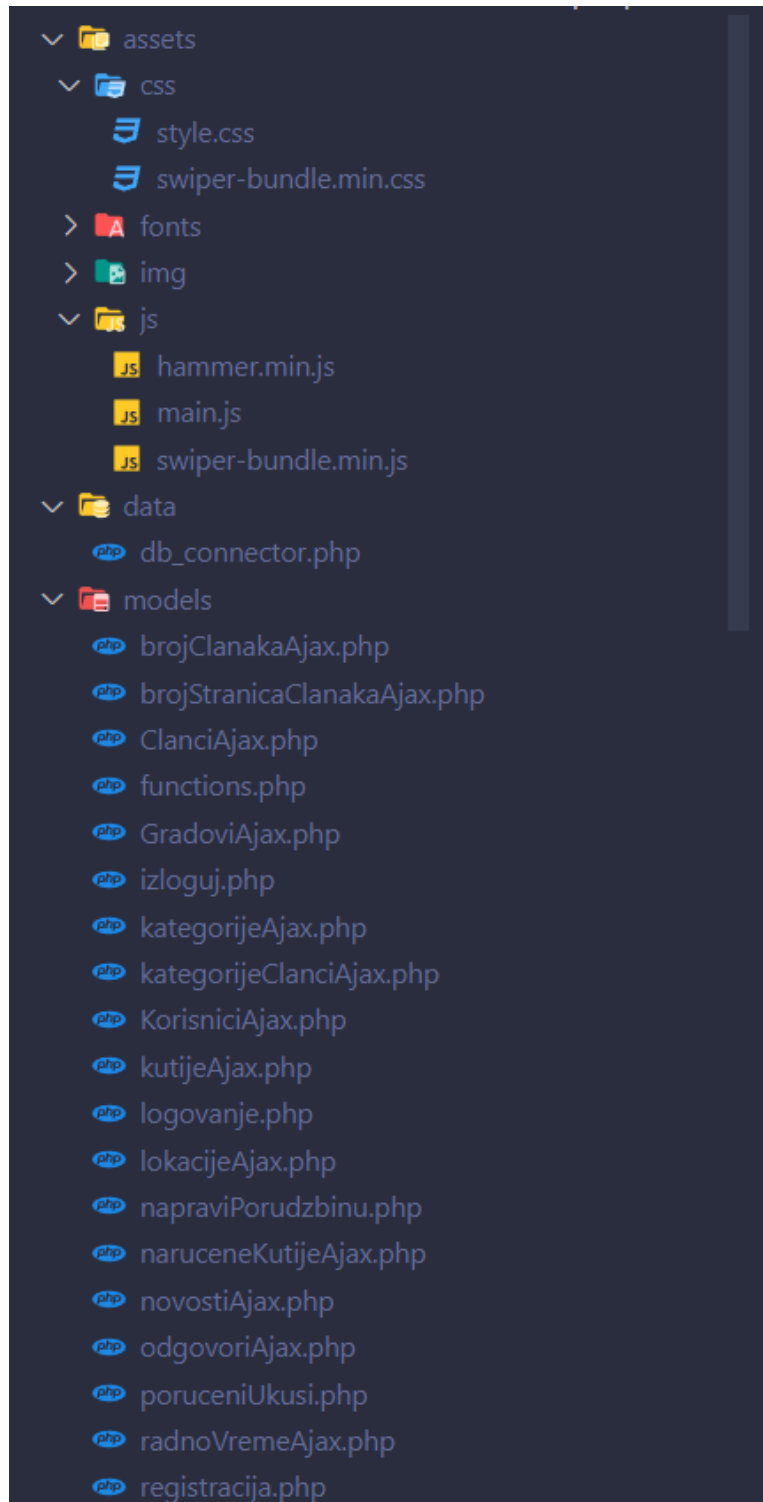

Stranice login i register su sekcije za prijavu i registraciju korisnika. Validacija podataka se izvršava na serverskoj i na klijentskoj strani.

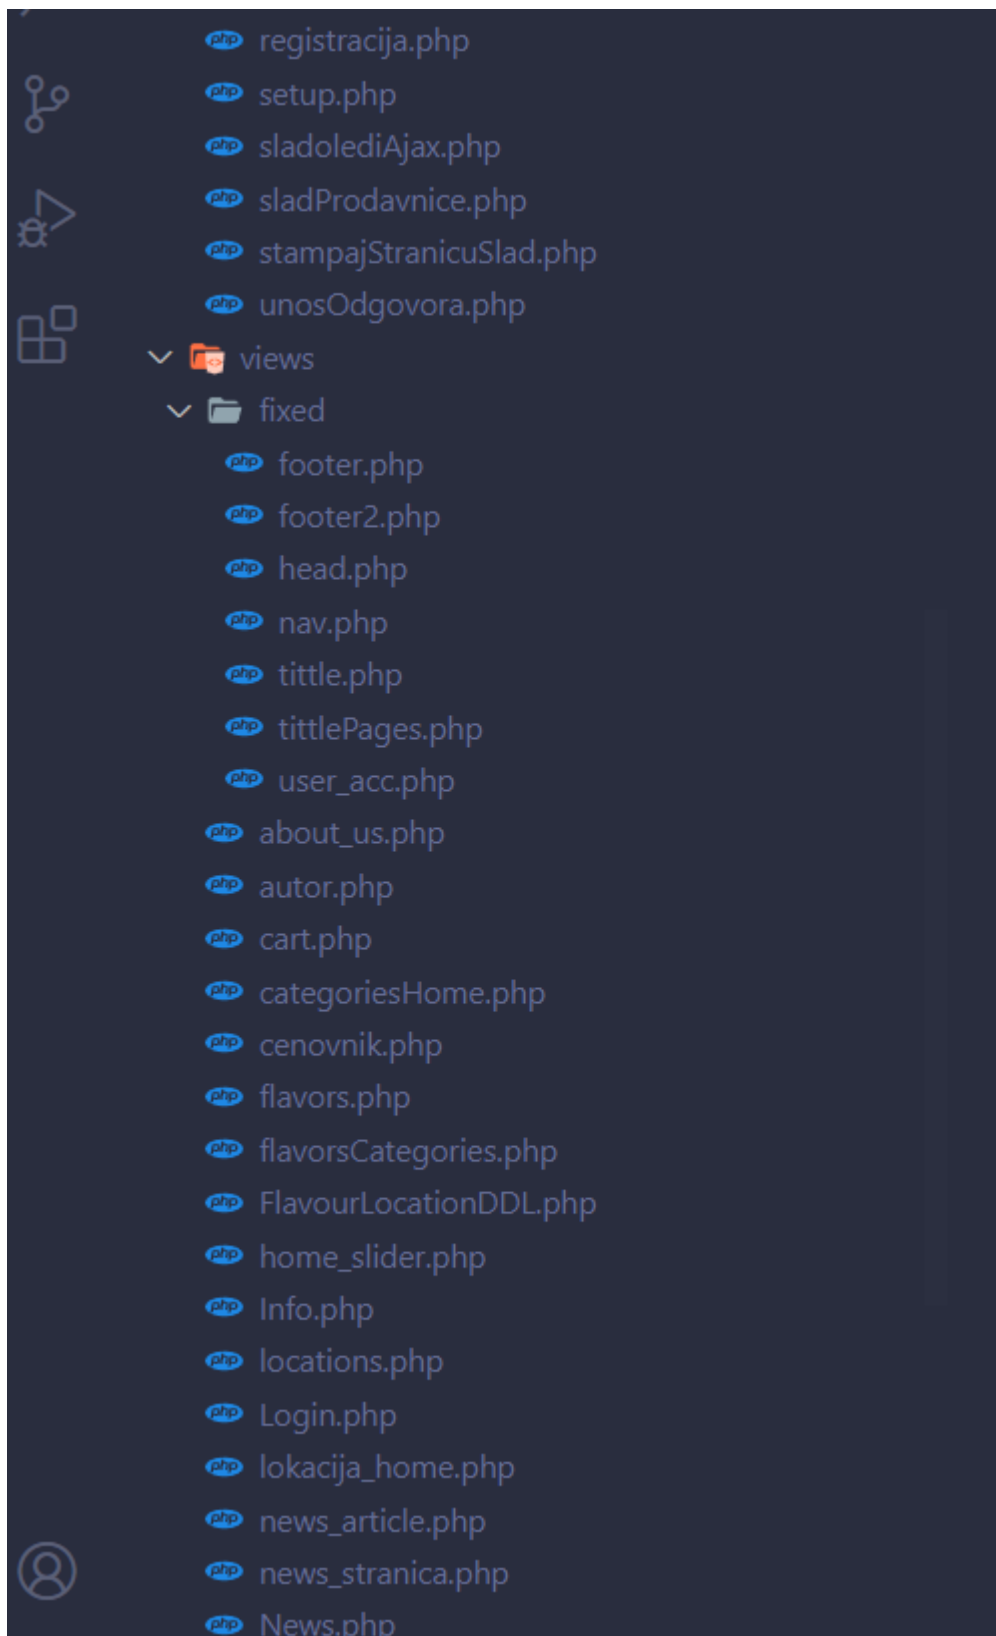

Na stranci novosti se nalaze svi članci, gde je moguće filtriranje po kategoriji članaka. Po svakoj strani se nalaze tri članka.

Anketa se nalazi na početnoj stranici, koja kada korisnik odgovori nestaje i više se ne prikazuje jer su odgovori zapamćeni.

O NAMA

Kako je sve počelo?

Naša avantura počinje sada već davne 2018. godine kada smo nakon decenije iskustva u pravljenju sladoleda odlučili da napravimo svoj brend. Iskustvo je bilo tuđeje su bile tuzamo je trebalo da se počne.

SKROMNI POČETAK

2018

Naš prvi lokal se nalazio na Kanarevom Brdu u Rakovici, tada je sladoledžnica Sladolino brojala 15 ukusa od kojih su najprodavaniji bili sladoled sa mentom i čokoladnim mrvicama i sladoled sa karamelom i pekan orasima.

SKROMNI POČETAK

2018

Naš prvi lokal se nalazio na Kanarevom Brdu u Rakovici, tada je sladoledžnica Sladolino brojala 15 ukusa od kojih su najprodavaniji bili sladoled sa mentom i čokoladnim mrvicama i sladoled sa karamelom i pekan orasima.

VIŠE RADNIKA=VIŠE IDEJA

2021

Sladoledžnica Sladolino trenutno ima preko 50 zaposlenih među kojima su prodavci, web programeri i savetnici.

NOVE DESTINACIJE

2020

Otvaramo sladoledžnice na lokacijama: Banjica u ulici Paunove 66 i Vidikovac u ulici Vidikovački venac 80.

JOŠ 50 UKUSA!!!

2018-2022

Tokom ovog perioda smo uspeali da napravimo preko 50 ukusa.

Login.php

The login page features a decorative border of various desserts like ice cream cones and bars. The header includes a shop icon, navigation links (Novosti, Cene, Lokacije, Ukusi, O nama, autor), and user links (Uloguj se, Registruj se). The main content area has a 'Prijavi se' button and a 'Poruči te' button. The login form is titled 'PRIJAVI SE' and contains fields for Email (dndjuric73@gmail.com) and Password (masked with dots). A 'Prijavi se' button is at the bottom of the form. The footer has a large 'SLADOLINO' logo and links for 'BEOGRAD', 'NOVI SAD', and 'DODATNE'.
